Factory Replacement Parts

You can ensure you get the correct components for your system by utilising Carrier's genuine replacement parts direct from the manufacturer. This will not only extend the performance of your system but also its longevity. In addition to Carrier parts, we also stock a wide range of other quality manufacturers parts to meet our clients' needs.

Reduce downtime by using genuine Carrier replacement parts, optimising continued equipment performance.

Compressors

Carrier Spare Parts Division provides factory new and remanufactured compressors, at competitive prices, with next day delivery. Our clients receive a first class support service direct from the manufacturer, accompanied by technical back-up and warranty.

We can also supply a comprehensive range of other manufactured compressors such as Danfoss, Copeland and Toshiba.

HVAC Industry Tools

As a world leader within the HVAC industry, Carrier extends its support much further than simply the production of first class products. Carrier offers a comprehensive range of engineers' tools, competitively priced and available from stock for next day delivery, free of charge. All industry tools are of the highest quality, ideal for your installation team or for your new employee's starter packs, and comply with current legislation.

A checklist is available with every starter pack. Our checklist service is also ideal for items that become damaged or are lost and need replacing.

Carrier Consumables

Carrier are set-up to give you first class service and fast delivery. Next day delivery is available for thousands of consumables.
